

Junction Boxes

JB757

CQR's latest product to the range is the JB757. This is a 12 way, Environmental Class 3 junction box with microswitch lid tamper.

The unique feature of the JB757 is its ability to accommodate different sizes of trunking with its special knock-out adaptors.

The adaptors supplied are:

- 2 x 16mm x 16mm trunking or 25mm x 16mm trunking by breaking out plastic
- 2 x 12mm conduit
- 2 x blanks
- 2 x grommets
